A HOME COMMUNITY IN THE HILLS O' HUNTERDON
17 miles east of Easton, Pa., on Route 28 to New York
30 miles north of Trenton, N. J. on Route 30

At the crossroads of two of New Jersey's main highways. Ideally located for an all-year-round home.

THE center of a prosperous farming community, the town has two banks, a newspaper, excellent hotels and better stores than are found in the average town of 1,000 inhabitants.

The community is served by two railroads—the Lehigh Valley and the Central Railroad of New Jersey. The Inter-County Motor Corporation supplies excellent local bus service in every direction.

At the confluence of Spruce Run with the South Branch of the Raritan, a view of which from the center of the town is shown above, both streams offer excellent fishing, boating and bathing in the Summer and skating in the Winter.

The town's water system ranks with the best in the State. Its streets are well lighted and good walks run

to the end of every street. A good, live fire company, equipped with modern apparatus, is always on the job for the protection of the community.

We have the lowest tax rate in this part of New Jersey.

Clinton's High School prepares its pupils for entrance to the best colleges and universities in the country.

Its diversity of small industries leaves it unaffected by industrial upheavals and periods of depression.
